

# Justice Design Group

## Installation Instruction

For Model: NSH-8115-MBLK

### IMPORTANT

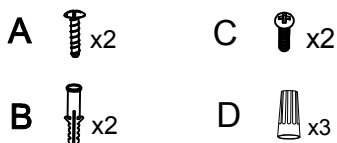

- Justice Design recommends that a licensed electrician install this lighting fixture
- Installation must comply with all building, safety, and electrical codes and requirements
- Disconnect power to the junction box prior to installation
- Do not reconnect power until this fixture is properly installed
- This fixture is designed to mount to a standard metal 4-0 octagonal junction box

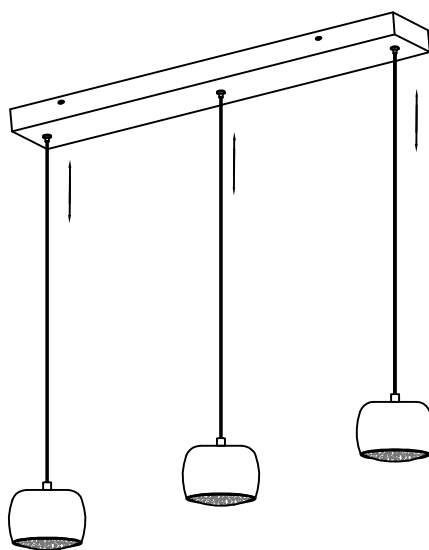

HARDWARE PACK

Hardware Pack contains:

- A. 2 - Self-tapping screw
- B. 2 - Screw anchor
- C. 2 - Mounting screw
- D. 3 - Wire nut

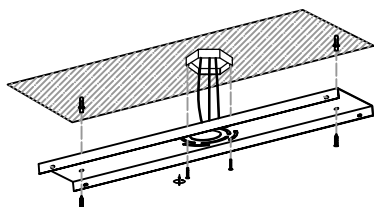

1

Determine the length of hanging cables.  
The cable length is adjustable by pressing the cable gripper and pushing the cable into canopy.

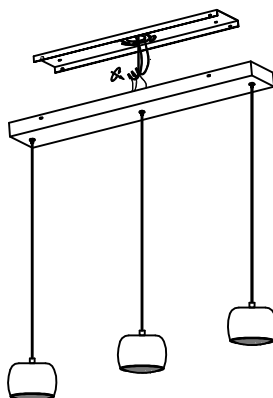

2

Secure the mounting plate to Junction box with supplied mounting screws.  
Use the anchors and self-tapping screws to secure the plate on ceiling for reinforcement.

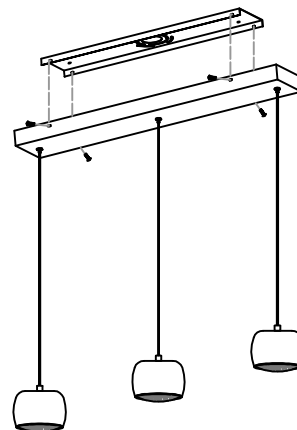

3

Connect fixture wires to power supply wires with wire nuts:  
black wire to black wire,  
white wire to white wire,  
green wire to green/ground wire.

4

Align the fixture canopy with the mounting plate and secure with the side screws.
